

## 2016 IAF ASIA CONFERENCE SPONSORSHIP

### About the International Association of Facilitators

Facilitation is a profession rapidly taking its unique place alongside those of consulting and training. The International Association of Facilitators was formed by a group of professionals desiring an avenue for interchange, professional development, trend analysis and peer networking. A formal association was proposed and adopted at a networking conference in Alexandria, Virginia, in January, 1994. More than 70 people signed on as charter members. Since then the IAF has grown to... over 1400 members in more than 63 countries. Our members work in government, nonprofit, educational, community, and corporate environments and hold positions as consultants, teachers, in-house facilitators, negotiators, organizational specialists, coaches, and more. As a participatory organization, the work of the IAF is reliant on volunteer leadership and the contributions of its members. The IAF encourages and supports the formation of local groups of facilitators to network and provide professional development opportunities for their members. Regional groups from around the world are invited to become chapters with the IAF to help promote the profession of facilitation as a critical set of skills in the global society of the 21st century.

### About the conference

Over the years these conferences have built a reputation for being innovative, informative, enlightening, and enjoyable. On an average the 150-250 participants have come from ten different countries in the Asia Pacific region and beyond, including Europe, Australia, United States, Africa. One of the keys to making these facilitator conferences successful is the quality of the facilitated workshops: both the concurrent sessions as well as the day-long pre conference workshops.

The theme of the 19<sup>th</sup> IAF Asia Conference is “ **From Mountain to Sea: Perceiving Systemic Change and the Transformative Role of Facilitation**” There are 40 sessions provided by more than 40 presenters will be conducted during the conference.

### Who will attend?

There were 190 delegates from 17 different countries attended the 2009 Asia Conference in Taiwan. We expected up to 150 delegates would attend from ten different countries in the Asia Pacific region and beyond, including Europe, Australia, United States, Canada, Africa. This includes a range of national and international practitioners and experts working across and within facilitation, education, corporate, government, NPO, NGO, and community arenas – from novice to experienced; from private and public sectors; self-employed and from within organizations; representing corporations and not-for-profits.

## **Why sponsor at this conference?**

Your organization has the opportunity to contribute to the continued success and profile of the IAF Asia and spotlight Taiwan as a leader in the industry by supporting its 19<sup>th</sup> Annual Asia Conference.

A sponsor benefit will raise your profile and organization awareness by being associated with IAF and a conference of up to 150 national and international delegates, from all types of organizations and institutions, as well as reaching many hundreds of others who are unable to attend this event.

If you have specific requirements or desired outcomes linked to your sponsorship/exhibition, we are happy to customize a package to suit your needs.
